STRIKE at ALL 22 CAL STATE UNIVERSITY CAMPUSES

Teamsters Local 2010 will conduct an unfair labor practice strike Feb 17-20 at 22 California State University campuses and the Chancellor's Office in protest of the numerous unfair labor practices committed by the CSU. The 1,100 Skilled Trades Teamsters have worked hard and sacrificed to keep the CSU running through the pandemic and beyond, yet CSU has refused to honor step increases and their contractual obligations.

CSU has committed numerous unfair labor practices, including failure to pay our contractual July 2025 raises, bargaining in bad faith and distributing anti-union communications. Before our current contract, CSU denied workers regular step increases for **28 years**, leaving many workers stuck near the bottom of their pay range after decades of service.

After paying two years of the contractual raises, the CSU refused to pay us our raises in 2025, claiming they had the right to reopen our Teamsters contract because the state didn't fully fund the CSU. This is untrue since just a tiny fraction of funding was deferred, not unfunded.

CSU can more than afford to pay our workers what's owed. Gov. Newsom's January proposal for the 2026-2027 state budget would give hundreds of millions in additional ongoing funds to the CSU, with a \$264.8 million increase for a 5% base budget increase in line with Newsom's five-year compact with the CSU. In addition, CSU would receive an increase of \$100.9 million to partially fund the amount deferred in 2024-25.

Join us Feb. 17-20 and tell CSU to pay the promised July 2025 raises to workers and respect their workers!
